Thursday, October 25
7:30 – 9 p.m.
At the Montclair home of Karen Rozenberg and Douglas Berman

Join us for a lively discussion led by **Dr. Yehuda Kurtzer**, President of the Shalom Hartman Institute of North America, one of the leading centers of Jewish thought and education dedicated to strengthening Jewish peoplehood, identity, and pluralism.

Dr. Kurtzer, author of Shuva: The Future of the Jewish Past, will explore the recent challenges in the relationship between Israel and the American Jewish diaspora. He will review and analyze current events that have caused tensions between Israel and the American Jewish community, such as the Israeli government's decision to suspend the Kotel agreement, the arrest of a Conservative rabbi, and the passage of the nation state law in Israel.

To register visit www.jfedgmw.org/exploring

Address provided upon registration. Please register by October 22.
