We Are Here to Help

The health and care of our Memphis Community is our first priority here at the Memphis Jewish Community Center's
Wendy and Avron B. Fogelman Jewish Family Service.

We continue to serve our community without disruption, and as we face the uncertainty and questions surrounding the Coronavirus, we are here to help in any way possible. We remain an important community resource for anyone in need at any time.

We would like to provide the most recent updates on Coronavirus, and for your convenience are providing some reputable information resources. Please remember, your number one defense is to WASH YOUR HANDS FREQUENTLY!
