

April 8, 2019

U.S. House of Representatives
Washington, DC 20515

Dear Representative:

We, the more than 300 undersigned organizations and institutions, representing millions of Americans from every state in the Union, support the Never Again Education Act (H.R. 943) and strongly encourage you to cosponsor the bill. This important bipartisan legislation uses public funding and private donations in a classic public-private partnership to provide teachers with the resources and training they need to teach children the important lessons of the Holocaust and the consequences of bigotry and hate. As organizations that support Holocaust education as a vital part of our children's learning experience, we are proud to support this bill that ensures more middle schools and high schools will have the opportunity to educate their students about the Holocaust.

We face a stark contrast today: As the number of living Holocaust survivors and eyewitnesses dwindles, Holocaust denial and ignorance are becoming much more prevalent. Now, it is more important than ever that survivor stories be told to audiences around the globe. Unfortunately, far too many students in the United States grow up without basic knowledge of the events of the Holocaust.

A survey released in April 2018 by the Conference on Jewish Material Claims Against Germany shows that Americans are forgetting about the Holocaust, or are completely unaware it occurred. For instance, 49 percent of millennials cannot name a single concentration camp. Thirty-one percent of Americans believe that two million or fewer Jews were killed in the Holocaust, even though six million Jews and millions of others perished. Fifty-two percent of Americans are unaware that Hitler came to power through a democratic election. We must do better and we need your continuing leadership to do so.

Teachers face many barriers to teaching the Holocaust, including: a lack of awareness of where to find resources; a lack of funding to take advantage of these resources; and a lack of knowledge for how to incorporate the subject into their curricula. The new program embedded in the Never Again Education Act will help teachers overcome these barriers. By encouraging curriculum experts at the Department of Education to work with private Holocaust education centers and other experts, this bill provides an innovative forum for competitive grants, regional workshops, valuable training programs, curriculum and other resources. Instead of being limited to helping the schools in one area, this program will help reach a broader audience and provide teachers with the tools to educate students in communities across the country.

The Never Again Education Act will send a strong message to the global stage that the United States recognizes the importance of Holocaust education at the highest level. Respectfully, we urge you to cosponsor H.R. 943 and help facilitate its swift passage on the House floor. Thank you for your consideration. If you have any questions about the Never Again Education Act, please contact Stephan Kline, The Jewish Federations of North America's Associate Vice

President for Public Policy, at Stephan.Kline@JewishFederations.org or Karen Paikin Barall, Director for Government Relations at Hadassah: The Women's Zionist Organization of America, Inc., at kbarall@hadassah.org.

Sincerely,
