Federation, and receive the oral and/or written reports of the President and other Officers as to the activities of the Federation.

- 5.2 **Special Meetings.** Special meetings of the members of the Federation may be called at any time by the President and must be called by the President within seven (7) days upon a written request of seven (7) members of the Board of Directors, or upon the written request of fifty (50) voting members of the Federation. A notice of any special meeting shall be sent by mail or email to members at their addresses as they appear on the records of the Federation. Notice of any special meeting shall state the purpose or purposes thereof.
- 5.3 **Quorum.** Twenty (20) voting members of the Federation shall constitute a quorum for the transaction of business at any meeting of the members. Unless otherwise provided in these Bylaws any motion approved at an annual or special meeting shall be valid if it receives a simple majority (51% or more) vote in approval, except that no such action shall be valid unless it receives the affirmative vote of at least fifteen (15) voting members.

ARTICLE VI. MEETINGS OF BOARD OF DIRECTORS

- 6.1 **Regular Meetings.** At least five (5) regular meetings of the Board of Directors shall be held each year with not less than five (5) days' notice given for any regular meeting. Special meetings of the Board of Directors may be called at any time with not less than five (5) days' notice, which must include the purpose of the meeting for any special meeting. All notices required by this section must be provided to all members of the Board of Directors and may be provided by either mail or email.
- 6.2 **Quorum.** Fifty-one percent (51%) of the voting Board members shall constitute a quorum for the transaction of business at any meeting of the Board of Directors. Unless otherwise provided in these Bylaws, any motion approved at a Board meeting where a quorum is present shall be approved if it receives a simple majority (51% or more) vote in favor from the voting Board members present.
- 6.3 **Parliamentary Procedure.** All meetings of the members and the Board shall be conducted according to such procedures as the President determines, unless there is a dispute concerning meeting procedures in which case Robert's Rules of Order shall govern.
- 6.4 **Electronic Voting.**
- A. When the Board is not in session, voting on issues that the President deems to require the Board's immediate attention may be conducted by e-mail pursuant to the procedures described in this Section. If the President is not available, the officer ("Other Officer") who would normally preside over a vote in the President's absence, may function in the President's stead for purposes of

electronic voting.

- B. Electronic voting by the Board shall address only a single issue at one time. If multiple issues are required to be addressed, separate electronic votes shall be taken on each issue. Provided a motion being voted on electronically receives votes or abstentions from at least fifty-one percent (51%) of the members, a quorum of the Board shall be presumed to exist at the time of the electronic voting.
- C. When an electronic vote is to be conducted, the main motion shall be e-mailed to the President, or Other Officer as provided above. The Board member must specifically state what he/she is proposing and must provide the specific language of the motion. The President or Other Officer then shall e-mail the motion to the Board members at their last known e-mail addresses. The subject line of the message shall read: "Federation Board Vote Required" and the message shall be e-mailed with high importance.
- D. No second shall be required for any motion made pursuant to this Section.
- E. Once the main motion is e-mailed to the Board members, the Board shall have 24 hours to discuss the motion electronically. During the electronic discussion period, potential subsidiary motions and amendments may be discussed, but no motions or amendments are allowed to be officially proposed in order to provide for a full discussion on the main motion. Emails sent for purposes of discussion shall be in the form of a "Reply All" message to all Board members in a single email chain.
- F. After the discussion period has passed, the President, or Other Officer, shall announce to the Board members by e-mail that the time for discussion on the main motion has expired and Board members may offer amendments and motions within 24 hours pursuant to the procedure described in Section F ii below.
 - i. No amendments or subsidiary motions proposed. If no amendments or other subsidiary motions are proposed during the 24-hour time period, the President or Other Officer shall announce that voting on the main motion shall proceed. The Board shall then have 24 hours to vote on the motion. If during the discussion period a Board member unambiguously announces his/her vote and does not change his/her vote during the voting period, then the announced vote will count as if the Board member voted during the voting period.
 - ii. Proposed amendments and subsidiary motions.
 - a. Board members proposing amendments and other subsidiary

motions to the main motion must do so formally by e-mailing a “Reply All” message to all Board members. The Board member must specifically state what he/she is proposing and must provide the specific language of the amendment or other subsidiary motion.

- b. If any amendments or other subsidiary motions are proposed, the Board members will have 24 hours to discuss them. If more than one amendment and/or subsidiary motion is proposed, the amendment and/or subsidiary motion will be addressed by the Board in the order received as determined by the date and time stamp on each e-mail message. However, the President or Other Officer may, in his/her discretion alter the order of voting on multiple amendments or subsidiary motions if doing so would make more sense.
 - c. At the end of the discussion period, the President or Other Officer shall announce via a “Reply All” message to all Board members that the time for discussion has expired and that voting by the Board on the amendments or other subsidiary motions shall proceed. The Board shall then have 24 hours to vote on the amendments or other subsidiary motions.
 - d. When the time period for voting on the amendments or other subsidiary motions has expired, if the original main motion has not been disposed of, the Board shall then have 24 hours to vote on the original main motion if the amendment or the subsidiary motion does not pass. If during the discussion period, a Board member unambiguously announces his/her vote on the amendment or subsidiary motion and does not change his/her vote during the voting period, the announced vote will count as if the Board member voted during the voting period.
- G. For a motion to pass by electronic voting, it must receive the same number of votes required for passage as if the Board was meeting in person and a quorum of Board members was present, *i.e.*, the affirmative vote of a simple majority of a quorum of at least fifty-one percent (51%) of the Board members.
- H. If for any reason the President or Other Officer determines that voting should be done by secret ballot, instead of electronic voting via “Reply All” messages to all Board members, members will vote by privately e-mailing their votes to the President or other Officer during the prescribed voting period.
- I. Any time period for voting and/or discussion mentioned above may be altered (*i.e.* shortened or lengthened) within the sole discretion of the President or

Other Officer depending on the exigencies of the circumstances, or the complexities of the motion(s).

J. At the conclusion of the voting period, the President or Other Officer shall announce the results of the vote via a "Reply All" message to all Board members. The Secretary shall combine all threads of the Board's electronic discussions and voting on the issue(s) as needed to assure the record is complete, print the entire thread of the discussion and voting and retain the printed thread as the minutes of the Board's discussion and vote.

6.5 **Telephone Voting.** When the Board is in session, any Board members who are unable to attend the meeting in person, may participate via telephone in any discussion and in voting on any issues that the Board puts to a vote. If for any reason the President or Other Officer determines that voting on a particular motion or issue should be done by secret ballot, any Board members participating via telephone may vote by privately telling their votes to the President or Other Officer during the voting period.

6.6 **Financial Limitation on Electronic and Phone Voting.** The electronic and phone voting methods, as set forth in Sections 6.4 and 6.5 above, may be used by Board members for voting on all issues including financial decisions regarding allocation and/or expenditure of Federation funding. However, electronic and phone voting may not be used for voting on a financial decision to allocate or spend an amount exceeding the equivalent of 1% (one percent) of the Federation's annual budget.
