SCHOOL NEWS

Here's what is happening around Jersey Shore schools

AMANDA OGLESBY @OGLESBYAPP

MANASQUAN

The eighth-grade class at Manasquan Elementary School raised \$1,450 for the David Sheldrick Wildlife Trust, a reserve in Kenya for rescued orphaned elephants. Teacher Andrea Trischitta said the effort helps to raise awareness of the dangers of poaching.

MARLBORO

Solomon Schechter Day School hosted the Jewish Federation in the Heart of New Jersey's fourth annual J-serve on March 19, where students from across the region worked together to better their communities. The Jewish Federation organized a teen advisory committee that will plan and lead projects for older adults, children with special needs, home-bound seniors and children with cancer. The group will also perform service projects in the burial of old Jewish texts, talking with Holocaust survivors and fundraising, according to the federation.
