

Jewish Community Relations Council of the Jewish Federation of Greater Hartford Legislative Policy Priorities for 2023

Committing to an Anti-Hate Culture

- Expand anti-hate/antisemitism education for teachers, students, families, and elected officials. Review and consider the recommendations of the Governor's Hate Crimes Advisory Council.
- Support gun safety and the reduction and prevention of gun violence. Review and consider the recommendations of the Commission on Community Gun Violence Intervention and Prevention.

Promoting Civic Education and Engagement

- We support access to early voting in accordance with the recently passed referendum.
- Promote justice, equity, diversity, and inclusion in all public and private organizations and systems.
- Support programs to educate people of all ages about how their government works and how to participate in democracy.

Supporting Nonprofits

- Protect and enhance funding for non-profits to allow them to continue to provide high quality services.
- Ensure that non-profit organizations remain exempt from property taxes.

Protecting Religious Institutions

- Provide additional state funding as necessary for security for religious institutions and faith-related non-profits, such as the Jewish Community Centers.

Supporting our Most Vulnerable Populations

- Address food insecurity and enhance access to nutritious food through SNAP and the Farmers' Market Nutrition Programs, and additional advocacy and public education.
- Building upon health care initiatives passed last session, improve access to affordable, high-quality health care for all, including behavioral health. This includes the preservation and expansion of HUSKY (Connecticut's Medicaid program) as well as efforts to recruit and retain more behavioral health professionals.
- Establish a plan to address the unmet needs of people who require services through the Department of Developmental Services, and their families.
- Support environmental justice initiatives and protect vulnerable populations that are especially susceptible to the effects of climate change.
- Support programs that enhance energy efficiency and independence, particularly for low-income people.
- Work with community-based organizations to support the needs of asylees and refugees coming to Connecticut.

Fostering Economic Growth and Education

- Continue to build productive business partnerships between Connecticut and Israel, including by working with CT Innovations and UConn, investing in trade, and promoting Israeli businesses expanding in Connecticut.
- Support efforts to recruit, train, and grow Connecticut's workforce.
- Support efforts to help schools and parents in the vital task of teaching children to read, including through virtual means. We applaud the efforts of programs such as Federation's Children's Reading Partners in their efforts to promote literacy.

Bringing Our Core Values to Life for Every Generation

Since 1945, Jewish Federation of Greater Hartford has been a community leader and change agent, working with a diverse set of partners to create a thriving, caring and connected Jewish network of 30,000 people in Greater Hartford, in Israel and in 60+ Jewish communities that need our help around the world. In Greater Hartford we work closely with 20+ partners. Every day, we are caring for the neediest, bringing Jewish ideas to life for all ages and inspiring a new generation of community leaders connecting all faiths.

Federation's work is guided by three core Jewish values:

- Tzedakah (charity and social justice)
- Tikkun Olam (improving the world)
- Torah (Jewish learning)
