

# Calendar of Jewish Holidays

Rosh Hashanah, Yom Kippur, and Passover are the most-observed holy days of the Jewish year. Jewish students will attend prayer services and convene with family and therefore might miss school and extracurricular activities. For Passover, the first two nights are the most observed. Some students may need to take off time for observing additional holidays. Descriptions of these holidays can be found at [chabad.org/holidays](https://chabad.org/holidays).
