WHAT'S NEW AT TJF? 2016 – 2017 HIGHLIGHTS

From the Chairperson and President & CEO

This past year was an exciting one at the Foundation and for the future of our Jewish community as we launched our new **LIFE & LEGACY** program in partnership with 10 local agencies and synagogues. Our current assets grew to nearly \$100 million along with future commitments of an additional \$50 million. We launched a teen philanthropy initiative (B'nai Tzedek) and provided over \$200,000 in local grants from our Community Impact Grants pool. Thanks to our loyal and generous donors and community partners for working in partnership with **YOUR** Tidewater Jewish Foundation.

Alvin Wall
Chairperson

Scott Kaplan
President & CEO

LIFE & LEGACY

The Tidewater Jewish Foundation was selected to participate in the Harold Grinspoon Foundation's LIFE & LEGACY program.

Through LIFE & LEGACY, TJF has been able to:

1. Educate, train, motivate and empower ten partner Jewish organizations to engage their loyal stakeholders in conversations to establish legacy gifts.
2. Increase community awareness of the power of bequests, other legacy vehicles, and endowments.
3. Integrate legacy giving into the philanthropic culture of the Tidewater Jewish community.

In less than 1 year, our local agencies and synagogues have worked together to secure over 150 new legacy commitments valued at more than \$7 million in future gifts to strengthen the Tidewater Jewish community.

Our LIFE & LEGACY Partners:

The **Simon Family Legacy Society** honors those who have committed themselves to the future of our Jewish community. The Society encompasses all donors who have either pledged to leave a gift or already maintain an endowed gift at the Tidewater Jewish Foundation.

INVESTMENT ASSET ALLOCATION

Annualized Returns

	1 Year	3 Years	5 Years
TOTAL TJF PORTFOLIO	11.5%	3.5%	6.8%
BLENDED INDEX TARGET	9.1%	3.0%	5.6%

Global equity returns were surprisingly strong across the board for the year ending June 30, 2017. Returns bounced off the lows created by the surprising Brexit vote that occurred shortly before the beginning of the year, then continued with the presidential election as investors hoped for regulatory relief and tax reform as the GOP held majorities in both houses of Congress and the White House. The S&P 500 increased 17.9% for the year and small cap stocks were even stronger, jumping 24.6%. Domestic equities look expensive when compared to history but relative to interest rates do not look excessively valued.

International stocks shook off the impact of Brexit and green shoots of growth began to sprout in early 2017. Also helped by a surprisingly weak dollar given relatively high interest rates in the US, international developed stocks jumped 20.3% for the year. Emerging markets appear to have found a bottom in the calendar year third quarter and rallied strongly as their currencies stabilized. Emerging market stocks were up 23.7% for the year. We continue to think non-US stocks are better values.

The Federal Reserve/FOMC tightened three times and treasury yields spiked. The benchmark ten-year treasury increased from 1.46% to 2.31%. General expectations from our market consultants, BCA Research, are that interest rates will continue to grind higher as the FOMC will likely tighten one more time in calendar year 2017 and as many as 3 times in 2018.

The Tidewater Jewish Foundation's (TJF) diversified main investment pool rose 11.5% for the fiscal year, leading its index target of 9.1%. TJF benefits from its partnership in the Jewish Community Endowment Pool, LLP (JCEP), managed by the Combined Jewish Philanthropies of Greater Boston. JCEP strives for stability over long-term horizons and structures its portfolio with a focus on capital preservation, minimizing declines during weak equity markets while capturing a significant percentage of the positive returns during strong equity markets. This was clear over the last five years where JCEP captured over 110% of returns relative to its index target when its index target was positive, but only captured 60% when the index target declined. During the financial crisis of 2008-09, JCEP outperformed 91% of the 264 foundations and endowments tracked by InvestorForce* during the worst period of the crash.

Economic and Market Outlook – BCA, our economic and market consultant, believes there is little indication of a recession, but growth will likely continue to be modest. However, BCA does express concern for the very low unemployment rate and its likely continued decline for the next year. Their concern is that an increase in unemployment in late 2018 would likely result in a recession as that has occurred any time unemployment increases even if the starting point is a low level of unemployment. There is little indication of any major imbalances in the economy so any downturn would likely be modest. For the next year, however, domestic stocks should continue to post modest increases and likely lag non-US stocks.
