## "PEACE IN THE MIDDLE EAST"

***with Yoseph Haddad***

***CEO of Together - Vouch For Each Other***

Together — Vouch for Each Other bridges the many gaps between Arabs and others living in Israel and is devoted to a more peaceful Israel and a more peaceful Middle East. Meeting, talking and working across ethnic and religious divisions are the goals of Together's CEO, Yoseph Haddad. Born in Haifa, Yoseph has lived in Israel his entire life and fought with the Israeli Defense Forces in the Golani Brigade. After surviving his wounds, Yoseph dedicated his life to improving relations between Arabs and Jews. His organization has grown since its founding less than five years ago to include thousands of volunteers and supporters on social media. Yoseph is also a regular commentator in English, Arabic and Hebrew on Israeli television and lectures on Together — Vouch for Each Other and its goals around the world.

Please join us for this free public lecture about a more constructive and hopeful vision of peace between Arabs and Jews in Israel and the wider Middle East region.
