

TRACING LEGACIES OF THE HOLOCAUST: THE SEARCH FOR STOLEN ART

SUNDAY, APRIL 12

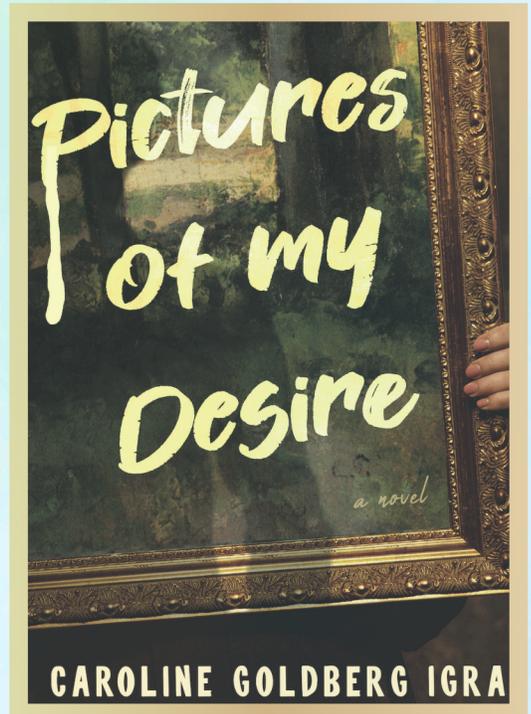

TIME: 11:00 AM

LOCATION: FAMILY ACTIVITY CENTER

Dr. Caroline Goldberg Igra will discuss her acclaimed novel *Pictures of My Desire*, exploring art stolen from Jews during the Holocaust, the lasting impact of these injustices, inherited Holocaust trauma, and ongoing restitution efforts. Her talk will include powerful visuals and real examples of recovered works.

Kirkus Review calls it "an irresistible premise... beautifully realized," praising its rich portrayal of the New York art world and WWII-era looting, and its emotional connection between past and present.
