

Greater MetroWest ABLE and The Jewish Federation of Greater MetroWest NJ are proud to join together with Jewish communities all over the world in a unified effort to raise awareness and champion the civil rights of people with disabilities. Join us programs throughout the month to support meaningful inclusion of people with disabilities and their families in every aspect of Jewish life, making our Greater MetroWest community a place made “whole and complete” by all of its members. Together, we can foster a more inclusive Jewish community that emphasizes, first and foremost, the value, dignity and capabilities of each and every individual. Until we accomplish this change in culture, the month of February has become the time to raise awareness. An inclusive community is a stronger community, and while this quest is universal, Jewish values and traditions provide teachable moments to advance inclusion.

JDAIM’s logo, a blue and gold intertwined ribbon that forms the Magen David, was designed to signify how inclusion is woven into every aspect of Jewish life and community.
