

LIT/CIT PROGRAM

Leaders in Training (LITs)

Our LIT program for 6-8th graders has been designed to provide a multi-faceted, hands-on leadership experience. LITs will focus on leadership, teamwork and, of course, the fun and social aspects of becoming a leader. In addition to rotating through the normal camp schedule the LITs participate in:

- Service Learning Projects
- Group Shadowing
- Leadership Development
- Junior Guard

Counselors in Training (CITs)

Our CIT program is for 9-10th graders. This program gives CITs the opportunity to take their leadership skills to the next level by assisting the counselors with groups and helping to lead activities. With a hands-on approach it gives them the chance to build self-confidence and gain experience while acquiring important problem solving and communication skills for future challenges in the classroom or on the job. In addition to this, our CITs will participate in:

- Off-site service-learning projects
- Become CPR/1st Aid Certified
- Opportunities to learn from members of our community on topics such as digital footprints, job readiness training and anti-bullying/inclusivity
