## Water Classes

**Aqua Fit:** A fun 45-minute class combining strength, aerobics, and music! All exercises are in the shallow end of the pool. Instructor will be on the pool deck demonstrating.

**WaterWerks:** Medium intensity level workout for all ages. Over 90 exercises working from head to toe, increasing range of motion and strengthen muscles while improving balance and coordination. Aqua Bells & boards used. Class can be done in shallow &/or deep water. (All levels)

## Mind & Body

**Active Yoga:** Is your yoga practice 'active'? Students will be enabled to progress in strength, fitness, balance and flexibility. This class is for an intermediate level yogi or anyone that has been practicing on a consistent basis.

**All Levels Yoga:** This class blends the fluid power movements of our traditional power yoga class with a variation of all poses to allow all ability levels to work together (All Levels)

**Barre:** You will use a blend of Pilates, calisthenics, and ballet moves to sculpt, strengthen and lengthen muscles for a lean and sculpted look without the impact or injuries of traditional dance.

**Chair Pilates:** A great way to get fit for those who need a gentler way to gain strength and flexibility! Using chairs, we will go through 45 minutes to one-hour of gentle exercises, mainly seated, to increase our fitness. Stretching exercises will be included.

**Gentle Flow Yoga:** A gentle, slow-paced, vinyasa flow open to all levels. The class includes beginner's flossing techniques, postures to work in and out of for release, breath awareness, and some meditation.

**Good Night Yoga:** Unwind with this class at the end of your day. Release muscle tension, mental stress, counteract what you've been doing all day and restore! Release, then relax.

**Mat Pilates:** Follow and progress in this 32-exercise series of Pilates movements on the mat. Pilates, a combination of yoga, calisthenics, and barre-style moves allows one to align and extend the spine, gain core strength, range of motion, flexibility and muscle definition for all muscle groups. (All Levels)

**Power Yoga:** Vigorous, fitness-based approach to vinyasa-style yoga. Move fluidly from one pose to the next while connecting their breathing to their movements. (All Levels)

**Tai Chi:** \*extra fee\* This ancient form of martial art is thousands of years old. While it is a form of martial and is used for such, it is also described as 'meditation in motion' as one learns to flow through the form with focus and by following the breath. Gain strength, balance, flexibility and range of motion as you progress through a series of movements.

**Vinyasa Yoga:** Students will move fluidly from one pose to the next, leading movement with breath. Class will include beginner, intermediate and advanced elements, with modifications to suit different levels.

**Yin Yoga:** Learn to develop your yoga practice further with Yin Yoga. Here, you will hold poses a bit longer. This will allow your body to restore, but also deepen stretches and gain strength. This class is open to all levels. Bring your own mat and any props/blankets you may need.
