

Governance Letter

To the Board of Directors
Jewish Federation of Greater Portland
Tigard, Oregon

We have audited the financial statements of Jewish Federation of Greater Portland for the year ended June 30, 2023, and have issued our report thereon dated below. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our engagement letter to you dated May 30, 2023. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Matters

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Jewish Federation of Greater Portland are described in Note B to the financial statements.

Effective July 1, 2022, the Organization adopted *Accounting Standards Update No. 2016-02, Leases Topic 842* ("ASC 842"). The new standard establishes a right-of-use ("ROU") model that requires a lessee to record a ROU asset and a lease liability on the statement of financial position for all leases with terms longer than 12 months. Under ASC 842, leases are classified as either finance or operating, with classification affecting the pattern of expense recognition in the statement of activities.

No other new accounting policies were adopted and the application of existing policies was not changed during the year ended June 30, 2023. We noted no transactions entered into by the Organization during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate affecting the financial statements was:

Management's estimate of the fair value of investments is based on quoted market prices provided by the Oregon Jewish Community Foundation, who holds the investment funds. Management's estimate of the valuation of pledges receivable is based on historical collection experience, doubtful account analysis, and subsequent collections. We evaluated the key factors and assumptions used to develop Management's estimates in determining that they are reasonable in relation to the financial statements taken as a whole.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

To the Board of Directors
Jewish Federation of Greater Portland

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management.

We detected no misstatements as a result of audit procedures that were material, either individually or in the aggregate, to the financial statements taken as a whole.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Organization's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Organization's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

This information is intended solely for the use of those in charge of governance and management of Jewish Federation of Greater Portland and is not intended to be, and should not be, used by anyone other than these specified parties.
