*"This year has been very hard. I'm a single mom and I lost my job right after I had surgery. I can't thank you enough - without your kindness there would not have been any gifts for Chanukah. I feel very blessed. Signed with a grateful heart."*

— Adopt-a-Family Recipient

*"Every week, Jewish families come to me in need of basic items, such as food, laundry detergent and diapers, because these items are expensive and they just can't make it through the end of month. Once a year, through the Adopt-a-Family program, these families get a chance to ask for specifically what they need and want."*
