What is it?

- A donor advised fund is a named fund of the Jewish Federation of Greater Indianapolis that allows you to recommend grants to qualified charitable organizations of your choice, take advantage of the highest charitable tax deduction available and make your charitable giving simple, effective and satisfying.
- The fund can be established with a minimum gift of \$2,500, with the opportunity to make additions at any time.

How does it work?

- You make a gift of cash, securities or other property to the Federation to establish a named fund.
- You make recommendations for charitable distributions from the fund with a minimum amount of \$100 to qualified public charities. The Federation verifies the tax status and mission of all charitable organizations that receive grants.
- The Federation invests and administers the fund's assets, processes recommendations, mails checks to recipient organizations and sends you regular reports.
- You may designate a successor advisor to continue your philanthropy into the next generation

What are the benefits?

- You are able to recommend support for causes of specific interest to you now and in the future.
- You can receive an immediate charitable income tax deduction for the initial gift to the Federation and for all subsequent gifts.
- You can receive additional tax savings if you use appreciated securities or property to establish or augment the fund.
- You do not pay income tax on the income generated by the fund.
- You can involve other family members as advisors, showing them the importance of philanthropy.
- You invest in the future of the Jewish community.
- You perpetuate your beliefs and serve as a role model for future generations.
- You can take advantage of our expert advice by partnering with the Federation to make the world a better place.
