

# KAVOD כבוד

In Hebrew, the word KAVOD means to honor or respect. It is the philosophy of Jewish Family Services (JFS) that there is no one more worthy of our honor or respect than the Holocaust Survivors who live among us.

Jewish Family Services (JFS) offers a continuum of multi-generational services that enhances the health, well-being, and dignity of families and older adults in our local community.

**JFS is the Social Services Department of the Jewish Federation of Greater Indianapolis.**

# KAVOD SPONSORSHIPS

**6 different opportunities to care for  
the survivors in our community**

## \$3500: Video Testimonial

Many of our local survivors have not yet had the opportunity to document a video testimonial about their experiences during the war. Your \$3,500 gift will cover the costs to create a 5-10-minute professional video with English translations, while also providing the support for the survivor(s) during this emotional and challenging process.

## \$1000: Trip to the Orchestra

CAVOD participants look forward to the symphony orchestra every year, as it connects them to music and each other. Your \$1,000 gift will cover all the costs associated with our most popular social event, including subsidized tickets and transportation.

## \$500: Weekly English Classes

\$500 will cover the cost of weekly English classes for the entire year! Survivors benefit not only by refining their language skills, but the social aspect that comes with meeting throughout the year.

## \$300: Medical Transportation

Your \$300 gift will provide ongoing medical transportation to a local survivor through our "Wheels to Wellness" program. With easy access to doctor's appointments, KAVOD members can safely maintain their independence while aging with dignity.

## \$100: Group Outing to the Indianapolis Art Museum

A group trip to Newfields is more than just an outing: it helps combat social isolation and promotes self-expression in each survivor. \$100 covers the admission fees and costs for an entire group trip to enjoy the art museum.

## \$50: Home Visit with a Social Worker

Many survivors qualify for different services but may not know of such benefits nor have the ability to apply on their own. Not only does a home-visit promote socialization for home bound survivors, it also gives opportunity to connect them to much-needed services. Your \$50 gift will provide vital case management that will connect a survivor to a variety of ongoing assistance programs.

To request more information about the sponsorship opportunities listed above or to learn additional ways to help survivors, contact Rachel Katz at [rkatz@jfgi.org](mailto:rkatz@jfgi.org).
