

Community Food Share

GIFT CARD DRIVE

Food insecurity is the most urgent, ongoing crisis in Jewish Toronto. Thousands are struggling to afford groceries or going days without enough to eat. Last year, there were 2 million visits to local food banks—an all-time high. This Community Food Share is an innovative program designed to combat hunger for one full year—one week at a time. The goal is to make nutritious kosher food and other essentials accessible to those who need it most.

I am proud to be taking responsibility for one week of the program by hosting a gift card drive. My goal is to raise \$1,000 in grocery gift cards for those in need. Will you help me reach my goal?
