

Donor Advised Funds

An easy and thoughtful way
to support the charities
you care about.

**JEWISH
FOUNDATION**
of GREATER TORONTO

WHAT IS A DONOR ADVISED FUND?

A donor advised fund (DAF) is a formally structured vehicle for charitable giving that enables donors to recommend which charities will receive their donations each year. A DAF's flexibility allows someone to set aside tax-receipted dollars now and enjoy growth for future philanthropy.

The assets of the DAF grow tax-free. Since a DAF is a part of the Jewish Foundation, all the contributions into the fund qualify for the favourable tax rules that apply to public charities.

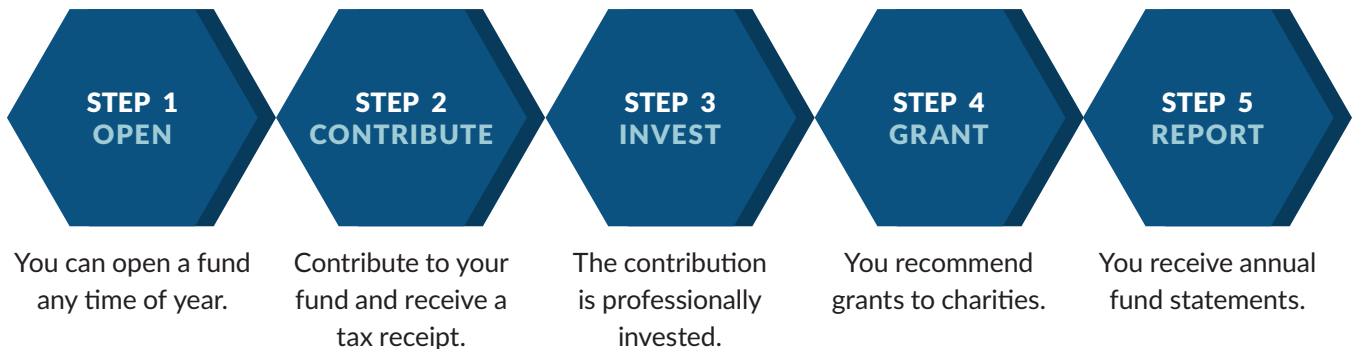

BENEFITS OF A DAF AT THE JEWISH FOUNDATION

- Initial balance of \$10,000
- Low administration fees
- Anonymity and privacy, if desired
- Flexibility and ease
- Professional and customized support of a philanthropic advisor
- No minimum for annual contributions or distributions
- No CRA filing
- Succession planning
- Community knowledge and expertise

WHAT IS THE JEWISH FOUNDATION?

The Jewish Foundation of Greater Toronto works to sustain the Jewish community for the long-term by partnering with individuals, families, advisors, and organizations to achieve their philanthropic goals. By contributing to the Foundation and its pooled assets, donors can have an even bigger impact on the causes that mean the most to them.

HOW DAFs WORK AT THE JEWISH FOUNDATION

INVESTMENTS

The Jewish Foundation's pooled assets are invested in accordance with an investment policy designed to produce long-term returns with a reasonable level of risk. Our Investment Advisory Committee is made up of seasoned professionals who prudently invest, manage, and monitor the portfolio in alignment with the Foundation's mission.
