DEAR MOMENTUM FAMILY,

For over fifteen years, **Momentum's mission is: "To empower women to change the world through Jewish values that transform ourselves, our families, and our communities."**

When our world changed **On October 7, 2023, Momentum was ready.** We activated our community of Jewish mothers around the world and **sprung into action** to plan, connect, inspire, and mobilize. Because at our core, this is who **Momentum is** and what **Momentum does.**

Over the last year and a half, **we never once let up the momentum!** We continued to honor the victims, and families of those horrific events and the ongoing war in Israel. More importantly, **we stepped up into leading our community** in navigating grief, sorrow, loss, and frustration, while also holding in our hearts hope, resilience, leadership, and action.

In 2024 we doubled down on galvanizing our global network. Never missing a beat, our flagship program, "Journey of Growth" and **signature trips to Israel** included **900 Jewish Mothers and Fathers.** Our **Unity Missions** welcomed **500 participants**, and our **leadership summits** around the world hosted **350+ leadership Fellows.**

But we didn't stop there. We literally took "**Momentum on the Road**" in the form of **community speaker events** and welcomed **3,000+** attendees across the country. With the help of the **Yomm mobile app, Momentum podcasts,** virtual town hall **Momentum Boosts,** and the **Momentum Action Network** online resource, we connected with over **150k+** individuals and communities to shift our thinking from "me" to "we" so our exponential impact could be seen and felt around the world.

Fostering Jewish identity and community connections have become **Momentum's most powerful tools** in engaging with Israel and combating Antisemitism. **Through our continued work,** Momentum mothers and fathers, alumni, partner organizations, and ambassadors are inspired to step up, speak out, and **take action** for their own communities and for our Jewish world.

This is the impact of our work in 2024.

Momentum Journey of Growth and Trip to Israel

Momentum's flagship program, **Journey of Growth**, invites Jewish mothers from all over the world on a life-changing experience that starts right at home with a cohort of like-minded women seeking to **strengthen their Jewish identities**.

Then, **profound 7-day trip to Israel**, in partnership with the Israeli Government, offers a deep and historic connection, inspiring **Jewish wisdom** from world-class Jewish educators, and the opportunity to **build bridges directly with Israelis**.

Participants return from their trip with **renewed purpose**, a strong sense of **Jewish self**, and the ability to **inspire change** in their families and communities. Once at home, our **Partner Organizations** lead and inspire the local cohorts with **continued education**.

A One-of-a-kind Multinational Experience

In May 2024, Momentum launched our **most culturally and linguistically diverse trips** in our organization's history. We brought together **160 participants** from **9 countries**, and none of them spoke English.

Jewish mothers from **France, Russia, Ukraine, and Latvia** came together to embrace Israel, embark on a spiritual journey and find their voice and strength to take back home. In a particularly poignant moment **after visiting the Gaza envelope**, a group of Ukrainian women visited with a farmer from the south who had adopted 3 children **orphaned on October 7**. They collected the little money they had to share with this family and said, **"This is from our children to yours,"** they said. **"We know what war can do."**

TOGETHER WE ARE TURNING PURPOSE INTO ACTION

“Momentum showed me that one person can change the world. Together, we are proving it.”
— Alissa Haroush, San Diego, California

Taking Action for Israel at Home and Abroad

Alissa Haroush didn't grow up with a deep connection to Israel. My first visit was in high school, where I met my husband. I loved Israel because he did. But it wasn't until I joined **Momentum's Journey of Growth** in 2021 that I truly saw Israel—for myself.

That trip changed everything. I returned as a madricha, a Momentum Fellow, and part of a **powerful sisterhood**. When October 7 shattered Israel, I turned to that sisterhood. In hours, **we raised \$10,000** to send **500** phone chargers to

soldiers. My husband flew to Israel with suitcases of supplies. We did what we could—because that's what Momentum teaches: when you give with love, you **create impact**.

I carried that lesson home, donating proceeds from my jewelry business and co-founding Meet Me Where You're At, a thriving women's group built on learning, connection, and giving.

Back in Israel, I saw a country in crisis—but I also saw **resilience**. People sipping coffee, children playing, life refusing to be dimmed. **Am Yisrael Chai**.

Standing Up Against Antisemitism in Northern California

When **October 7** happened, Bari Goldfarb painfully realized that the local chapter of the national non-profit she worked for in Silicon Valley did not, and would not, **take a stand against** the horrible violence and events against Jews. When **she voiced her concerns**, she was brushed off by her managers and peers.

Although **an incredibly hard decision** to make, and not the most popular decision among her peers, Bari **immediately resigned from her position** at the organization. **Bari found support** and a new sense of community with the Peninsula JCC in San Jose, CA, along with a space to process her loss and grief,

Along with her peers, she was introduced to the **Momentum Fellowship**, where she attended the Leadership Summit with a powerful cohort of like-minded women.

“

Although we're still very much in the brainstorming phase our group discusses at length ways we can combat antisemitism in our own community. The Momentum Fellowship demonstrated how we can apply Jewish values to the business world in a very analytical and professional way. This experience has reinvigorated our strength to advocate for ourselves and our Jewish community.”
