

Final Report

Using the form below, please share insights from your grant-funded project(s). This form should take about 30 minutes to complete. This report covers the reporting period of April 1, 2024 to March 31, 2026 and is due April 30, 2026.

Data from your submission may be used to provide your organization with support and/or in aggregate in public reports. Please DO NOT include personally identifying information of service recipients (i.e., first and last name), or health-related records (i.e., direct copies of clinical case notes).

If you would like to provide more feedback or experience technical issues with the form, please reach out to your point-of-contact at The Center or us at Aging@JewishFederations.org.

Organization Information

Name of staff completing report. *

First Name Last Name

Email of staff completing report. *

example@example.com

Legal agency name. *

JFNA grant number. *

Number of projects funded through your organization's grant. *

Project 1

1. Project Name *

2. Provide a brief description of the project including activities carried out and how they were performed. This can include a list of activities, their format and frequency, how participants were recruited, and any other project characteristics that may be important for replicating this project. *

3. Provide a brief summary of your learnings about project logistics and structure that may be important for replicating this project. This includes challenges of implementing project activities and how they were overcome. *

4. To supplement survey data, please provide a brief summary of the project's impact. This can include anecdotes, stories, participant feedback, and reflections of staff and volunteers. *

Project 2

1. Project Name *

2. Provide a brief description of the project including activities carried out and how they were performed. This can include a list of activities, their format and frequency, how participants were recruited, and any other project characteristics that may be important for replicating this project. *

3. Provide a brief summary of your learnings about project logistics and structure that may be important for replicating this project. This includes challenges of implementing project activities and how they were overcome. *

4. To supplement survey data, please provide a brief summary of the project's impact. This can include anecdotes, stories, participant feedback, and reflections of staff and volunteers. *

Project 3

1. Project Name *

2. Provide a brief description of the project including activities carried out and how they were performed. This can include a list of activities, their format and frequency, how participants were recruited, and any other project characteristics that may be important for replicating this project. *

3. Provide a brief summary of your learnings about project logistics and structure that may be important for replicating this project. This includes challenges of implementing project activities and how they were overcome. *

4. To supplement survey data, please provide a brief summary of the project's impact. This can include anecdotes, stories, participant feedback, and reflections of staff and volunteers. *

Project 4

1. Project Name *

2. Provide a brief description of the project including activities carried out and how they were performed. This can include a list of activities, their format and frequency, how participants were recruited, and any other project characteristics that may be important for replicating this project. *

3. Provide a brief summary of your learnings about project logistics and structure that may be important for replicating this project. This includes challenges of implementing project activities and how they were overcome. *

4. To supplement survey data, please provide a brief summary of the project's impact. This can include anecdotes, stories, participant feedback, and reflections of staff and volunteers. *

Project 5

1. Project Name *

2. Provide a brief description of the project including activities carried out and how they were performed. This can include a list of activities, their format and frequency, how participants were recruited, and any other project characteristics that may be important for replicating this project. *

3. Provide a brief summary of your learnings about project logistics and structure that may be important for replicating this project. This includes challenges of implementing project activities and how they were overcome. *

4. To supplement survey data, please provide a brief summary of the project's impact. This can include anecdotes, stories, participant feedback, and reflections of staff and volunteers. *

Overall Feedback

1. What were some of the biggest challenges of this grant? This may include evaluation and/or programmatic challenges. *

2. What were some of the most significant lessons learned from this grant? This may include evaluation and/or programmatic lessons learned. *

3. Please describe how grant activities included the perspectives of service recipients. *

4. Please describe the strategies you will take to sustain your program after JFNA funding ends. *
