

# PHILANTHROPY TOGETHER LAUNCHPAD FOR HOSTS

## Jewish Community Professionals Cohort

**Launchpad For Hosts** is a 6-month incubator to launch giving circles within your institution

Giving circles are a powerful way to increase community engagement, diversify your membership, create close connections with local, grassroots nonprofits, and embed your organization's mission further into the community. Launchpad For Hosts is the only training program of its kind to help you start giving circles at your institution.

With a curriculum informed by a decade's worth of field research and the expertise of community foundation professionals across the country, Launchpad For Hosts is ready to support you as you begin your giving circle-hosting journey.
