

JFNA CORONA VIRUS LIST OF NEEDS (as of April 13, 2020)

Organization	Program Name	Program Description	Target Population(s)	Location	Estimated Unit Number	Estimated Total Cost (US \$)	Amount Raised	Remaining amount to be raised
ISRAEL								
ESSENTIAL CARE IN ISRAEL								
JDC	Essential Care Services	Providing quarantined and homebound elderly with essential care services (from a list of 27 different services) such as medicine, housekeeping, home repairs, transportation for caregivers and a call center for further assistance. This care is being provided to those regions ranked low on the socio-economic scale. The government is providing meals which are transported to one location and the JDC is providing logistical and volunteer support to ensure that the food and the additional services arrive at the homes of the elderly.	350,000 elderly in Israel	Israel - 180 locations		\$1,580,000	\$773,428	\$806,572
JAFI	Rental Assistance	A large proportion of the approximately 600 young people and families reaching the end of their intended stays in JAFI absorption centers currently find themselves sinking into despair. Now unemployed, uncertain of what the future holds, and unable to make the next step into their own housing as a result of this crisis, the Jewish Agency is enabling these Olim to extend their stays for the foreseeable future and is seeking to assist them with a grant to pay their housing costs.	400 Single Olim and 200 couples and families	Country wide Israel		\$275,000	\$66,000	\$209,000
JAFI	Absorption Centers	Provide tablets children aged 3- 18 living in Absorption centers	Olim	Israel countrywide				
JAFI	Youth Futures	Provide tablets to children in Youth Futures program in order to enable them to participate in online education	Participants in Youth Futures Program	Country wide Israel	900 tablets and internet connection	\$185,000	\$185,000	\$0

Organization	Program Name	Program Description	Target Population(s)	Location	Estimated Unit Number	Estimated Total Cost (US \$)	Amount Raised	Remaining amount to be raised
JAFI	Youth Villages	Provide tables to staff and children who have remained in youth villages despite the closure because of a lack of alternative homes	Students at closed youth villages	Country wide Israel	for 3 months			
JAFI	Absorption Centers	WiFi infrastructure to enable olim living in Absorption centers to participate in remote learning	Olim	Israel countrywide		\$250,000	\$64,592	\$185,408
JAFI	Amigour	Elderly residents of Amigour's 57 sheltered housing facilities, many of whom are Holocaust survivors, are amongst the most vulnerable populations in Israel due to the increased risk to the elderly and chronically ill presented by Coronavirus. In order to ensure the safety of our residents, we are working to ensure that the highest standards of hygiene are upheld which requires the purchase of special cleaning materials.	7,000 elderly residents of Amigour	Country wide Israel	9000	\$98,000	\$87,500	\$10,500
JAFI	Amigour	A large proportion of Amigour's 7,000 residents have limited financial resources and have been receiving assistance in the form of food baskets from the welfare departments of their local authority who are no longer able to continue providing this help. The Jewish Agency sees assisting the weakest section of our population as a high priority and wishes to continue the provision of food packages containing essential items.	7,000 elderly residents of Amigour	Country wide Israel	1626 parcels	\$244,000	\$62,900	\$181,100
JAFI	Youth Futures	Living stipend for youth future beneficiaries and staff	Youth future participants and staff	Israel	450 stipends	\$430,000	\$0	\$430,000
JAFI	Olim	Emergency food kits for 200 olim	New Olim	Israel		\$82,000	\$8,600	\$73,400
JAFI	Olim	Stipends for send year Ethiopian Olim	Ethopian community	Israel		\$187,945	\$834	\$187,111

Organization	Program Name	Program Description	Target Population(s)	Location	Estimated Unit Number	Estimated Total Cost (US \$)	Amount Raised	Remaining amount to be raised
ITC	Covid-19 Hotline	Confidential hotlines are a proven method for individuals to receive counseling both in normative times and even more so in times of emergency. These confidential, free hotlines offer a compassionate, nonjudgmental ear and connect individuals with valuable resources that help take control. Since the outbreak of Corona, massive restrictions on freedom of movement make hotlines one of the best methods to provide immediate professional assistance. A special ITC hotline has been established to meet this need. Trained call operators are providing support 24/7. These services needs to be expanded offered by trained clinicians in other languages.	General population	Israel nationwide	562 hours	\$50,000	\$0	\$50,000
Subtotal Individual Care in Israel						\$3,381,945	\$1,248,854	\$2,133,091
ECONOMIC RECOVERY								
JDC	Employment Assistance	Working with our partner, the Government of Israel, to help people who have lost, or are about to lose, their jobs or be furloughed, by creating re-skilling content, highlighting alternative employment opportunities and adapting pedagogical materials for distance learning thus preventing students from joining the growing numbers of unemployed	Students	Israel		\$330,000	\$0	\$330,000
JAFI	Small Business	Small business are faced with continuing operating expenses, including salaries, vendor payments, benefits – despite the government decision to shelter in place. Each loan would be up to 100,000 NIS and payable over 5 years. JAFI would guarantee 70% of the loan. Eligibility will be expanded.	Small business	Israel		\$400,000	\$400,000	\$0
JAFI	NGO	OGEN - loans for NGO's	NGO's	Israel		\$800,000	\$500,000	\$300,000
Subtotal Economic recovery						\$1,530,000	\$900,000	\$630,000

Organization	Program Name	Program Description	Target Population(s)	Location	Estimated Unit Number	Estimated Total Cost (US \$)	Amount Raised	Remaining amount to be raised
SUPPORT FOR MEDICAL AND SOCIAL WORK PROFESSIONALS IN ISRAEL								
ITC	Welfare teams working with most vulnerable population	Social workers and non hospital based medical care professional working are on the frontlines 24/7 in this, and as in every crisis. This unprecedented emergency poses unique challenges: restrictions on movement; medical workers who can't leave families; many medical workers are infected. The caseload of each carer has now grown exponentially. Our goal is to provide online support for teams in order to help them recoup energy and review tactics for coping with the stress.	Welfare teams	Israel nationwide	1,500 social workers	\$66,000	\$60,000	\$6,000
ITC	Webinar training for therapists and caregivers	With children and parents in lockdown, many parents now find themselves in a position where they have lost their natural role as protector of their children. Just a sampling of what parents have expressed feeling: guilt, fear, anxiety, denial, impatience with their children's behavior, inability to draw boundaries and difficulties in creating a sense of safety. Trained family therapists can support parents with crisis tools and coping methods can help these parents during the crisis.	Family therapists	Israel Nationwide	42 hours	\$12,600	\$0	\$12,600
ITC	Hospital teams	Hospital teams are our heroes on the front-line dealing with this epidemic. E.R nurses, doctors and hospital social workers are under tremendous pressure. They cope with an extremely heavy workload, long hours, and face significant emotional stress. We propose to provide online self-care training and techniques to teams in hospitals around the country with a priority to those in specialized Corona care facilities.	Doctors, nurses, social workers, E.R and staff at Corona facilities	Israel nationwide	334 hours	\$40,246	\$40,000	\$246

Organization	Program Name	Program Description	Target Population(s)	Location	Estimated Unit Number	Estimated Total Cost (US \$)	Amount Raised	Remaining amount to be raised
ITC	Community leadership	Staff at municipalities are at skeletal levels due limits on congregating. Some are working at home but many are not able to if they are caring for small children. Inasmuch, those that are working are carrying a much heavier load. We are beginning to witness alarming rates of fatigue and stress. Municipal leadership require individual consultations to help manage priorities with reduced resources and mind/body tools to manage their stress levels and that of their teams.	Senior municipal leadership and emergency staff	Country wide	60 hours	\$7,230	\$0	\$7,230
ITC	Community social workers resilience	Community social workers are the social bulwark for thousands of families nationwide recognized by the Department of Welfare as low socio-economic at risk populations. Mass unemployment due to the epidemic and government instructions to stay at home are making the situation much worse. Fewer staff facing greater needs mean that these social workers need urgent self-care skills, professional support and materials they can use now. ITC would provide sessions on self-help and written materials to accompany those online sessions.	Community Social Workers	Israel nationwide	195 hours	\$23,498	\$0	\$23,498
Subtotal Support for Medical and Social work professionals in Israel						\$136,974	\$100,000	\$36,974

Organization	Program Name	Program Description	Target Population(s)	Location	Estimated Unit Number	Estimated Total Cost (US \$)	Amount Raised	Remaining amount to be raised
VOLUNTEER, MUNICIPAL AND DIGITAL SOLUTIONS								
JDC	Activating Volunteers	Recruiting, training and coordinating volunteers to provide vital services to the vulnerable homebound populations, in addition to the needs provided by trained professionals. JDC is working on getting volunteers. Two types of volunteers - one set is based in the municipality that is calling elderly and surveying needs like: cleaning, help with phone, changing lightbulbs. Other set of volunteers are those that are delivering meals and essential care packages.	General population	Israel (50 locations)		\$50,000	\$0	\$50,000
JDC	Educational Materials	Providing online services, videos, and infographics in Hebrew, Arabic, Russian, and Amharic to disseminate guidelines, best-practices, and other vital information to over 1 million individuals during the current crisis targeting vulnerable populations and those who care for them.	General population	Israel		\$227,000	\$42,857	\$184,143
Subtotal						\$277,000	\$42,857	\$234,143
ROW (REST OF WORLD)								
JDC	Welfare assistance	Supplemental emergency medicine, medical care, and food to elderly clients who can no longer travel to day centers or shop for food due to quarantine measures or use the JDC bank cards.	Elderly	Former Soviet Union (FSU)	4 months	\$1,393,000	\$10,000	\$1,383,000
JDC	protective gear for homecare workers and staff	Providing staff and homecare workers with communication equipment to provide remote support to clients, personal hygienic gear to protect clients and staff, and private transportation to reach clients and deliver food and medicine where public transport has ceased.	Welfare staff and Homecare Workers	FSU	4 months	\$788,000	\$29,850	\$758,150
JDC	Welfare assistance	Providing food, medicine and medical assistance to children from poor families as many parents lose their jobs due to the crisis	Children at Risk	FSU	4 months	\$172,000	\$2,150	\$169,850

Organization	Program Name	Program Description	Target Population(s)	Location	Estimated Unit Number	Estimated Total Cost (US \$)	Amount Raised	Remaining amount to be raised
JDC	Welfare assistance	Food, medicine and monetary assistance to the neediest elderly Jews, people with chronic diseases, and families with children at risk	Families at Risk	Argentina	4 monthths	\$750,000	\$0	\$750,000
JDC	Jewish community life continuity online	<ul style="list-style-type: none"> Professional support and guidance on how to function and build resilience through emergencies. Virtual programming materials for Passover Seders and beyond Small grants for community-run initiatives such as mobilizing volunteers to bring food to the elderly, online programming to increase socialization of the elderly, and online community-building efforts. 	General population	FSU	50,000	\$193,000	\$75,000	\$118,000
JAFI	Falash Mura in Gondar and Addis	<ul style="list-style-type: none"> Hygiene and sanitation supplies for 2,400 families in Gondar Hygiene and sanitation supplies for 750 Families in Addis Meals for 140 elderly in Gondar Meals for 60 elderly in Addis 	Ethopia - Falash Mura			\$159,000	\$108,100	\$50,900
JDC	Online Platform	An online platform, using the Entwine network, to connect virtually with their young Jewish adult peers, engage in global Jewish causes, and build Jewish community.	General population	North America	30,000	\$55,000	\$0	\$55,000
Subtotal ROW						\$3,510,000	\$225,100	\$3,284,900
OTHER								
JDC	Surveys and Data Analysis	Myers JDC Brookdale research institute is providing the government with real-time data on how the pandemic is affecting the Israeli public and what the country's most significant unmet needs are so that short and long-term solutions can be implemented as soon as possible.		Israel		\$96,750	\$0	\$96,750
Subtotal Other						\$96,750	\$0	\$96,750

Organization	Program Name	Program Description	Target Population(s)	Location	Estimated Unit Number	Estimated Total Cost (US \$)	Amount Raised	Remaining amount to be raised
NON SECTARIAN								
JDC	Non-Sectarian Humanitarian Aid in Ethiopia	<ul style="list-style-type: none"> • Train key organizations and institutions in the lifesaving practices of handwashing, proper hygiene, and social distancing. • Equip two central health facilities in Addis Ababa with the medical equipment needed to assist in treating those infected with the virus. 	General population	Ethiopia	10,000	\$100,000	\$0	\$100,000
Subtotal Non Sectarian						\$100,000	\$0	\$100,000

Organization	Program Name	Program Description	Target Population(s)	Location	Estimated Unit Number	Estimated Total Cost (US \$)	Amount Raised	Remaining amount to be raised
