# Use of Holiday Calendar 2018-2019

This calendar has been prepared and designed primarily to assist teachers and school administrators in planning and scheduling special events and activities such as examinations, assemblies, field trips, graduations and other school-related programs. Federal, state, county, and city government agencies, legislative bodies, and courts, as well as private employers, may also find this calendar helpful.

ALL Jewish holidays are set according to the Hebrew

lunar calendar, so that they begin at sundown on the preceding evening and conclude at sundown on the dates noted. The Sabbath begins at sunset on Friday evening and concludes at sunset on Saturday. During these observances, work is traditionally prohibited. As a result, Jewish individuals may be absent from both school and places of employment.

No person should be penalized for his/her religious observances or beliefs.
