**IMPORTANT INFORMATION ABOUT HOME IMPROVEMENT CONTRACTORS**

# WARNING

**Maryland State Law** provides protection for homeowners through licensing and regulating home improvement contractors by the Maryland Home Improvement Commission.

It is a crime in this State for any person to engage in or transact any home improvement business, or hold himself out to the public as doing home improvement business, unless he/she is licensed by the Maryland Home Improvement Commission (**MHIC**). The provisions of this state law may not be waived by agreement. Knowingly and willfully engaging in the home improvement business without obtaining a MHIC license is punishable by a fine not exceeding \$5,000.00 or imprisonment not exceeding two (2) years, or both. It is also a violation for contractors to hire unlicensed subcontractors or salespersons.

For information concerning the Home Improvement Commission, including whether a person is licensed and his record with the **MHIC**, call: **410-230-6309** or check on line at: [https://www.dllr.state.md.us/cqi-bin/ElectronicLicensing/OP\\_search/PQ\\_search.cgi?calling\\_app=HIC::HIC\\_qselect](https://www.dllr.state.md.us/cqi-bin/ElectronicLicensing/OP_search/PQ_search.cgi?calling_app=HIC::HIC_qselect)

**LIABILITY INSURANCE** – All contractors are required to maintain \$50,000 liability insurance. Homeowners should be provided with a copy of the current insurance certificate at the time of contract.

**BUILDING PERMITS**. Certain home improvement work requires a building permit issued by your local Permit & Inspection Office. Failure to obtain necessary permits may result in your job being shut down by local building inspectors.

**MHIC LICENSE NUMBERS ON VEHICLES**. Contractors and subcontractors must conspicuously display their **MHIC** license numbers on all vehicles used either by the licensee or under the licensee’s direction and control for the performance of home improvement work.

**Business Regulation Article, Section 8-101(g):**

(1) “Home Improvement” means:

- (i) the addition to or alteration, conversion, improvement, modernization, remodeling, repair, or replacement of a building that is used or designed to be used as a residence or a structure adjacent to that building; or

(ii) an improvement to land adjacent to the building.

(2) "Home Improvement" includes:

- (i) construction, improvement, or replacement, on land adjacent to the building, of a driveway, fall-out shelter, fence, garage, landscaping, porch, or swimming pool;
- (ii) connection, installation, or replacement, in the building or structure, of a dishwasher, disposal, or refrigerator with an icemaker to existing exposed household plumbing lines;
- (iii) installation, in the building or structure, of an awning, fire alarm, or storm window; and
- (iv) work done on individual condominium units.
