

Dallas Kosher

Dallas Kosher is committed as always, to upholding hashgacha standards while protecting the health of its staff, mashgichim and the community. At this time of uncertainty, we want to assure you that our mashgichim and staff are taking the utmost health precautions and following protocol to keep themselves and the public safe, while providing the necessary supervision. Although this is a very delicate task at the moment, Dallas Kosher believes it has the protocols in place to achieve its goals.

Further, in order to relieve some financial strain on our eateries, Dallas Kosher is waiving March and April certification fees for those DK establishments open during this time. Your patronage, be it with take out orders or gift card purchases, will help our DK certified eateries weather this crisis.
