A MESSAGE FROM YANNAI

Although we are in for a few more months of Calgary winter, we can take inspiration from Tu B'Shevat and the promise of a sweet and fruitful outcome from our hard work and patience. Just as the rains now falling all over Israel will surely lead to a lush, green and flowering month of Nissan, we can be assured that today's contributions and efforts are cultivating our community's future potential.

As we weather the storm of Calgary's economic downturn, the Federation, along with its agencies and partners, are working hard to bring much needed help and sunshine to those in need. Thank you to all of you who have already contributed to the annual UJA campaign and to the volunteers who have worked so hard to bring the harvest.

If you have not yet contributed, there is still a chance to help achieve a bumper crop that can meet the many needs of all those within our Jewish community.

LIFE & LEGACY™, a collaboration between Calgary Jewish Federation and the Jewish Community Foundation of Calgary, is a new and exciting community initiative. This program, sponsored by the Harold Grinspoon Foundation (of PJ Library® fame), will coach and guide our many community agencies and organizations to work together cooperatively to promote and develop after-lifetime giving through bequests and endowments. We are proud to be the first Canadian city to undertake the LIFE & LEGACY program, which has proven to be a major success in communities across America. Nature shows

us how the smallest seed, over time, can grow into a mighty forest, and this program will allow those who have been tending to our community's needs ensure that the roots they have nurtured continue to grow and bear fruit for generations to come.

In Calgary we are so blessed with strong tree trunks tended by the most generous gardeners. In recent months, we have been fortunate to see both the Paperny family gift to the JCC and the Halpern family gift to Akiva Academy. These generous endowments will sustain and strengthen two of our great community institutions. These gifts hold up our community and are a testament to the vision of these two visionary families.

I am reminded of the blessing our sages instructing us to say over the springtime

blossoms of fruit trees: *Blessed are You, Lord our God, King of the universe, Who has made nothing lacking in His world, and created in it goodly creatures and goodly trees to give mankind pleasure.* The reason we thank God for giving us pleasure, is that God could have chosen any way to create fruit for our sustenance, but the one he chose – a beautiful flower – provides us with maximum beauty and appreciation for His work.

B'Shalom,

It chronicles the little-known story of the thousands of Jews who sought and found refuge in wartime Shanghai. Based on the oral histories of Shanghai-landers, the exhibit tells their stories through the use of documents and photographs.
