WHAT THEY'RE SAYING ...

“ While we knew that our daughter would have a great time in Israel, the most gratifying part for us, as parents, was that through her Tikkun Olam experience, she found a piece of herself that she didn't even know she was missing.”

“ My daughter has made friendships unlike any others she has formed in her whole life. She has come home with a greater sense of identity, responsibility and civic duty. I believe she is more confident and even more proud of her Jewish heritage than she was before. I knew the Tikkun Olam trip would be a valuable experience for her. It lived up to all of my expectations and I think exceeded any expectations my daughter had before she went.”

WHY TRAVEL WITH US ...

Israel Partnership Tikkun Olam Summer Exchange Trip (for teens in rising 10th and 11th grades) is a once-in-a-lifetime experience to be hosted and feel a part of the family of an Israeli teen. You will travel through Israel with both Americans and Israeli friends from our ten Southeastern US communities. This incredible opportunity combines touring and community service, planned programs and free time with your Israeli family. The friendships you make on this trip will last a lifetime and make you a part of the Partnership2Gether family forever.

WHAT WILL WE DO ...

We will live with the families of Israeli teens and travel with Israeli and American peers. We will climb Masada and swim in the Dead Sea. We will visit the Western Wall and tour Jerusalem. We will have a guided tour at Yad Vashem, the Israel Holocaust Museum. We will volunteer at the Israeli Food Bank and work in the fields to gather eggplants. We will cut trees down for fire prevention on Mount Carmel. We will walk and wade through water tunnels and we will learn about the history of Israel. We will explore shopping malls, new restaurants, beach excursions and more on this exclusive behind-the-scenes trip to Israel.

But it's not just about what you see – it's about the lens through which you'll see it when you are with a local Israeli family.

“ Our son developed deep, lasting, lifelong friendships with many of the teens he met through this program. We were amazed that he was able to keep in contact with so many of the kids— they connected weekly through Facebook, iMessage and What's App. He would tell you that his closest friends live in Israel. We never expected this when we embarked on this program. It is the most special part to us.”

“ The greatest gift from the program is that both my kids have brothers, sisters and families who love them in Israel. It really changes your heart forever!”
