

WCA SOUTH

WCA South is in the third year of serving our members who live in the Southern and Eastern sections of Naples, along the East Trail down to Marco Island. The 12-member steering committee plans year-round cultural, educational and social activities in this area.

All WCA members are welcome to attend WCA South programs and to participate in WCA South special interest groups.

To be added to the WCA South email list and receive information about the events, contact
