Ms. Quintero

Carinita,

Finally, I am done with the Health screenings (for now). I can now concentrate on the KINDNESS project. I am writing this to make it any official contest. As we discussed, you will set the parameters as to the structure of the kindness skits. You can also determine how you wish to discuss it with the students, how to handle the entries and when/how to present the awards I will participate in any part that you need me to.

This is a teaching moment for the students to think about kindness and the other emotions that go along with kindness; compassion, empathy, gratitude, sympathy and love. You mentioned you may do this with each grade separately. Each grade level will receive the prize package mentioned below.

The first prize is the MOVIE PRIZE PACKAGE, of which I have attached a photo.

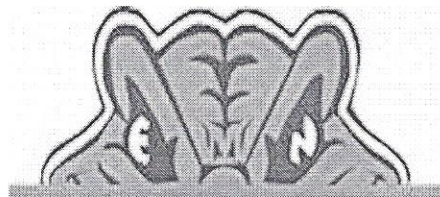

Also, there will be a TEN dollar gift card for second and one for third place.

If there is anything else you would like to review or discuss, please let me know. I appreciate your willingness to accept a KINDNESS challenge in order to help spread the word throughout the school.

Respectfully,

Rose

Danny,

Finally, I am done with the Health screenings (for now). I can now concentrate on the KINDNESS project. I am writing this to make it any official contest. As we discussed, you will set the parameters as to the structure of the art work. You can also determine how you wish to discuss it with the students, how to handle the entries and when/how to present the awards. I will post the winning items in the cafeteria, on the KINDNESS wall. I will participate in any part that you need me to.
