

Ellen and Lenny
Samet

Lenny and I, along with our three daughters, moved from High Point to Greensboro in 1985. We found the Jewish community to be so welcoming and quickly became involved at the synagogue and the Federation!

I like to make things happen—and over the years I have served on numerous committees and have chaired many events and projects. I have led fundraising efforts for the synagogue, and for several years I chaired our annual Jewish Film Festival. I last served as campaign chair for the Federation's women's drive. I am looking forward to my latest appointment as chair of the Women's Cabinet, beginning this fall.

Among many volunteer jobs, Lenny recently served as chair of the Federation's men's campaign and has for many years chaired the committee for the preservation of the High Point Hebrew Cemetery.

Along with Lenny's siblings and in memory of his parents, we participated in establishing the Lottie K. and Jacke W. Samet Israel Experience Endowment. Awarded on the basis of need and merit, this scholarship has enabled many young people in our community to benefit from a variety of educational programs in Israel.

We have created a Jewish legacy so that we can give back to this wonderful community and hopefully make sure that it will grow and prosper into the future.
