## INDEPENDENT AUDITORS' REPORT

Board of Directors of  
The Jewish Federation of Greater New Haven, Inc.  
360 Amity Road  
Woodbridge, CT 06525

We have audited the accompanying financial statements of The Jewish Federation of Greater New Haven, Inc. (a nonprofit organization), which comprise the statements of financial position as of July 31, 2016 and 2015, and the related statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditor's Responsibility**

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatements.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of The Jewish Federation of Greater New Haven, Inc. as of July 31, 2016 and 2015, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

NOTES TO FINANCIAL STATEMENTS

JULY 31, 2016 AND 2015

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Activities

The Jewish Federation of Greater New Haven, Inc. (the Federation) is a nonprofit charitable organization described in Internal Revenue code Section 501(c)(3). The Jewish Community Center is a wholly owned subsidiary of the Federation. The Federation is the central planning, fund-raising and coordinating body of the Jewish community and strives to be the central organization and resource for communal planning, outreach and Jewish education in South Central Connecticut. Located at 360 Amity Road in Woodbridge, Connecticut, the Federation is supported by programming fees and donor contributions from within the county of New Haven, Connecticut.

Basis of Accounting

The Federation prepares its financial statements in accordance with U.S. generally accepted accounting principles, which involves the application of accrual accounting; consequently, revenues and gains are recognized when earned, and expenses and losses are recognized when incurred.

Net Asset Classification

Accounting standards provide guidance on the net asset classification of donor-restricted endowment funds for a not-for-profit organization that is subject to an enacted version of the Uniform Prudent Management of Institutional Funds Act of 2006 (UPMIFA). The accounting standards also improve disclosures about an organization's endowment funds, both donor restricted endowment funds and board designated endowment funds, whether or not the organization is subject to UPMIFA.

The Federation's net assets and related revenues and support are classified based upon the existence or absence of donor-imposed stipulations, as follows:

*Unrestricted Net Assets*

Net assets include expendable resources of The Federation that are used for carrying on The Federation's mission.

THE JEWISH FEDERATION OF GREATER NEW HAVEN, INC.

NOTES TO FINANCIAL STATEMENTS

JULY 31, 2016 AND 2015

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Net Asset Classification (Continued)

*Temporarily Restricted Net Assets*

Net assets whose use by The Federation is limited by donor-imposed stipulations that either expire with the passage of time or can be fulfilled and removed by the actions of The Federation pursuant to these stipulations.

*Permanently Restricted Net Assets*

Net assets whose use by The Federation is limited by donor-imposed stipulations requiring such resources to be maintained in perpetuity, and the income there from utilized for operating or other donor-restricted purposes.

The Federation receives gifts of cash and other assets with donor stipulations that limit the use of the donated assets. For those donor-restricted cash contributions whose restrictions are met in the same fiscal year as the receipts, the contributions are reported as unrestricted contributions. Donor-restricted contributions not met in the same fiscal year are recorded as temporarily restricted. When the donor-restriction expires, that is when a stipulated time restriction ends or a purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the accompanying consolidated statement of activities as net assets released from restrictions.

Annual Campaigns

Annual campaigns are conducted during the fall of each year to raise support for allocations to participating agencies in the subsequent calendar year. Campaign support (contributions and promises to give received or receivable) for annual campaigns are classified as temporarily restricted revenue and support until the year of allocation to participating agencies. Generally, all annual campaigning contributions are considered available for unrestricted use by the Federation unless it is determined that contributions are specifically restricted by the donor. Promises to give receivables are reported on the statement of financial position (the balance sheet) and allowances are provided for amounts estimated to be uncollectible.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Federal Income Tax

The Federation is a not-for-profit organization exempt from taxation under Internal Revenue Code section 501(c)(3) and is not considered a private foundation. The Federation is required to file Federal Form 990 annually.

The Federation believes that it has appropriate support for income tax positions taken. Therefore, management has not identified any uncertain income tax positions. Generally, income tax returns related to the last three years remain open for examination by taxing authorities.

Inventory

Inventory is valued at cost using the first-in, first-out method or market, whichever is lower.

Promises to Give

Contributions are recognized when a donor makes an unconditional promise to give. Contributions that are restricted by the donor, that are released from restrictions within the fiscal year in which the contributions are recognized, are reported as increases in unrestricted net assets. All other donor-restricted contributions are reported as increases in temporarily or permanently restricted net assets, depending on the nature of the restrictions. When a restriction expires, restricted net assets are reclassified to unrestricted net assets.

The allowance method is used to determine uncollectible unconditional promise receivables. The allowance is based on prior years' experience and management's analysis of specific promises made.

Contributions

Contributions received are recorded as unrestricted, temporarily restricted or permanently restricted support, depending on the existence and/or nature of any donor restrictions.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Contributed Services

A substantial number of volunteers donate their time to the Federation. These services do not meet the criteria for recording as contributions under U.S. generally accepted accounting principles.

During the years ended July 31, 2016 and 2015, the value of contributed services meeting the requirements for recognition in the financial statements is not material and has not been recorded. In addition, many individuals volunteer their time and perform a variety of tasks that assist the Federation. The Federation receives more than 7,850 volunteer hours per year.

Investments

The Jewish Foundation of Greater New Haven, Inc. holds the Federation's investment assets and continues to accept additional contributions for the benefit of the Federation. The Foundation charges a 1% management fee of the total fair value of the investment assets as of July 31<sup>st</sup> of the previous year. As of July 31, 2016 and 2015, the Foundation held assets of \$4,621,867 and \$4,861,607, respectively for the benefit of the Federation

Functional Allocation of Expenses

Direct expenses are allocated, in total, to their respective programs. Indirect expenses are allocated to programs based on various equitable formula methods.

Deferred Revenue

Deferred revenue consists mostly of the following: tuition deposits; membership fees; personal training; camp and program revenues and support received in advance. Revenues and support are recognized when earned.

Cash and Cash Equivalents

For purposes of the statement of cash flows, the Federation considers all highly liquid investments available for current use with an initial maturity of three months or less to be cash equivalents.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the accompanying financial statements and related notes. Actual results could differ from those estimates.

Subsequent Events

The Federation evaluates the impact of subsequent events, which are events that occur after the statement of financial position date but before the financial statements are issued, for potential recognition in the financial statements. As of the statement of financial position date, for the years ended July 31, 2016 and 2015, the Federation evaluates subsequent events through January 27, 2017 which is the date the financial statements were available to be issued.

On December 05, 2016 a fire damaged part of the building. The Federation is insured against fire damage, however the actual cost of the damage has not been calculated at the date the financial statements were available to be issued.

NOTE 2 – UNCONDITIONAL PROMISES TO GIVE

Unconditional promises to give, net of allowance for unredeemed promises, are summarized as follows at July 31:

Unconditional Promises Expected to be Collected in:	2016	2015
Less Than One Year	\$ 1,340,887	\$ 1,375,558
One to Five Years	52,622	60,118

NOTE 4 – LONG-TERM INVESTMENTS AND FAIR VALUE MEASUREMENTS

The investments of the Federation consist primarily of cash and cash equivalents, mutual funds, hedge funds, limited partnerships and fixed income securities. In accordance with its approved investment practices and policies, investments held by the Federation are to be conservative and diversified in order to preserve capital, achieve the proper liquidity requirement of the Federation and avoid inappropriate concentration of credit and interest rate risk, while attempting to maximize returns.

The Federation reports its equity and fixed income investments at fair market value. Unrealized gains and losses are included as a component of investment return, net in the accompanying statements of activities.

Cost and market values of investments as of July 31, 2016 and 2015 are summarized as follows:

NOTE 4 – LONG-TERM INVESTMENTS AND FAIR VALUE MEASUREMENTS  
(CONTINUED)

ASC 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value, which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value, and expands disclosures about fair value measurements. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). An asset's or a liability's classification is based on the lowest level input that is significant to this measurement. For example, a Level 3 fair value measurement may include inputs that are both observable (Levels 1 and 2) and unobservable (Level 3).

The Federation follows a valuation hierarchy that prioritizes observable and unobservable inputs used to measure fair value into three broad levels, which are described below:

*Level 1:* Quoted prices (unadjusted) in active markets that are accessible at the measurement date for identical assets or liabilities. The fair value hierarchy gives the highest priority to Level 1 inputs.

*Level 2:* Observable inputs that are based on inputs not quoted in active markets, but corroborated by market data.

*Level 3:* Unobservable inputs are used when little or no market data is available. The fair value hierarchy gives the lowest priority to Level 3 inputs. The Federation does not have any level three assets as of July 31, 2016 and 2015.

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement. In determining fair value, the Federation used valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs to the extent possible and considers nonperformance risk in its assessment of fair value.

The following is a description of the Federation's valuation methodologies for assets measured at fair value. Fair value for Level 1 is based upon quoted market prices. Fair value for Level 2 is based on quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active and model-based valuation techniques for which all significant assumptions are observable in the market or can be corroborated by observable market data for substantially the full term of the assets. Inputs are obtained from various sources including market participants, dealers and brokers.

Total	<u>\$2,993,989</u>	<u>\$1,867,618</u>	<u>\$ -</u>	<u>\$4,861,607</u>

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. The Federation evaluates the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits.

NOTE 6 – NOTES PAYABLE – DEMAND

A. Miscellaneous Individual Notes

Consist of individuals who loan money to the Jewish Community Center of Greater New Haven, Inc. (JCC) at 6.00% interest. These notes are all payable upon demand. The combined balance of these notes as of July 31, 2016 and 2015 are \$244,652 and \$240,256, respectively.

B. Line of Credit

The Federation has an available \$450,000 revolving line of credit from TD Banknorth, N.A. that bears interest at Two and Eight Tenths (2.80%) percent per annum in excess of London Inter-Bank Offered Rate LIBOR rate. There are no borrowings outstanding under this line of credit as of July 31, 2016 and 2015.

NOTE 7 – NOTES PAYABLE

	<u>2016</u>	<u>2015</u>
A. TD Banknorth, N.A.		
In April 2009, the mortgage assumed from the JCC was modified and extended until May 2017 with a balloon payment, using an interest rate based on the London Inter-Bank Offered Rate LIBOR rate plus 1.79% (2.29% as of July 31, 2016 and 1.975% as of July 31, 2015). The mortgage is secured by the land and other Federation assets.	\$ 1,228,302	\$ 1,296,286
In June 2010, the existing revolving line of credit of \$2,100,000 was converted into a \$2,100,000 term loan. The term loan is amortized through July 2019 with a balloon payment at a variable interest rate based on the 30-day London Inter-Bank Offered Rate LIBOR rate plus 2.80% (3.30% as of July 31, 2016 and 2.985% as of July 31, 2015). The term loan is secured by substantially all of the Federation's assets.	1,728,588	1,800,720

Note payable to maturity in February 2020, payable in monthly installments of \$335 including interest at 7.89%. This note is secured by a vehicle.	<u>12,545</u>	<u>15,397</u>
Total Notes Payable	<u>\$ 2,969,435</u>	<u>\$ 3,112,403</u>

The Federation entered into various interest rate swap agreements on the above debt, which is intended to allow the Federation to minimize the risk of future interest rate fluctuations related to this debt. As the variable interest rate on the debt decreases the interest rate liability increases. The agreements expire on May 18, 2017. The agreement on the mortgage, assumed by the JCC, has a fixed interest rate of 7.22% and the Federation's term loan uses a fixed rate of interest of 6.10%.

The fair value of the interest rate swap agreements is the estimated amount that the swap issuer would receive or pay to terminate the agreements at the reporting date, taking into account current interest rates and the current credit worthiness of the swap counter parties. In particular, the fair value of the interest rate swap agreements is based on an income approach calculation using Level 3 inputs. In the calculation, the swap issuer estimates the fair value of the liability based on the agreements. Management believes the calculations to be a reasonable approximation of the fair value of the liabilities under the interest rate swap agreements. The change, from one year to the next, in the liability under the interest rate swap agreements is recorded as an unrealized gain in the statement of activities.

The fair value of the interest rate swap agreements, which is measured on a recurring basis using Level 3 inputs, consists of the following as of and for the years ended July 31:

	<u>2016</u>	<u>2015</u>
Interest rate swap agreements, beginning	\$ 79,707	\$ 129,801

NOTE 14 – CONCENTRATION OF CREDIT RISK DEBT

Credit Risk

The Federation maintains demand deposits and money market funds at financial institutions. At times, certain balances held within these accounts may not be fully guaranteed or insured by the U.S. Government. The uninsured portions of cash and money market accounts are backed solely by the assets of the underlying institution. Therefore, the failure of an institution could result in financial loss. However, the Federation has not experienced any losses on these accounts in the past, and management believes the risk of loss, if any, to be minimal.

Market Risk

The Federation invests in a diverse professionally managed portfolio of investments. Such investments are exposed to potential market volatility. Therefore, the Federation's investments may be subject to significant fluctuations in fair value. Consequently, the investment amounts reported in the accompanying financial statements may not be reflective of the portfolio's fair value during subsequent periods.
