

Arthur and Barbara Weinrach's Story

We make an annual gift and have made a legacy gift to Jewish Family Service to support the important contribution Jewish Family Service provides to the Lehigh Valley.

On a non-sectarian basis, Jewish Family Service helps seniors and provides counseling services. In addition, Jewish Family Service helps address food insecurity via its participation with other local agencies and individual donors.

When we came to Allentown in 1967, the community was here for us. It is now time for us to help make sure that this community will be here for others now and in the future.

We participate in LIFE & LEGACY because it provides a means to continue our contributions to the welfare of the Jewish community and other worthy activities after we are gone. Moreover, our legacy contribution may be made without impact on our financial situation, and will result in a forever stream of funds for causes that we value.
