Rebuild Israel: United for Renewal

Following an unprecedented \$908 million Israel Emergency Campaign, Jewish Federations of North America enter a new phase — driven by dedication and love for Israel.

What is Rebuild Israel?

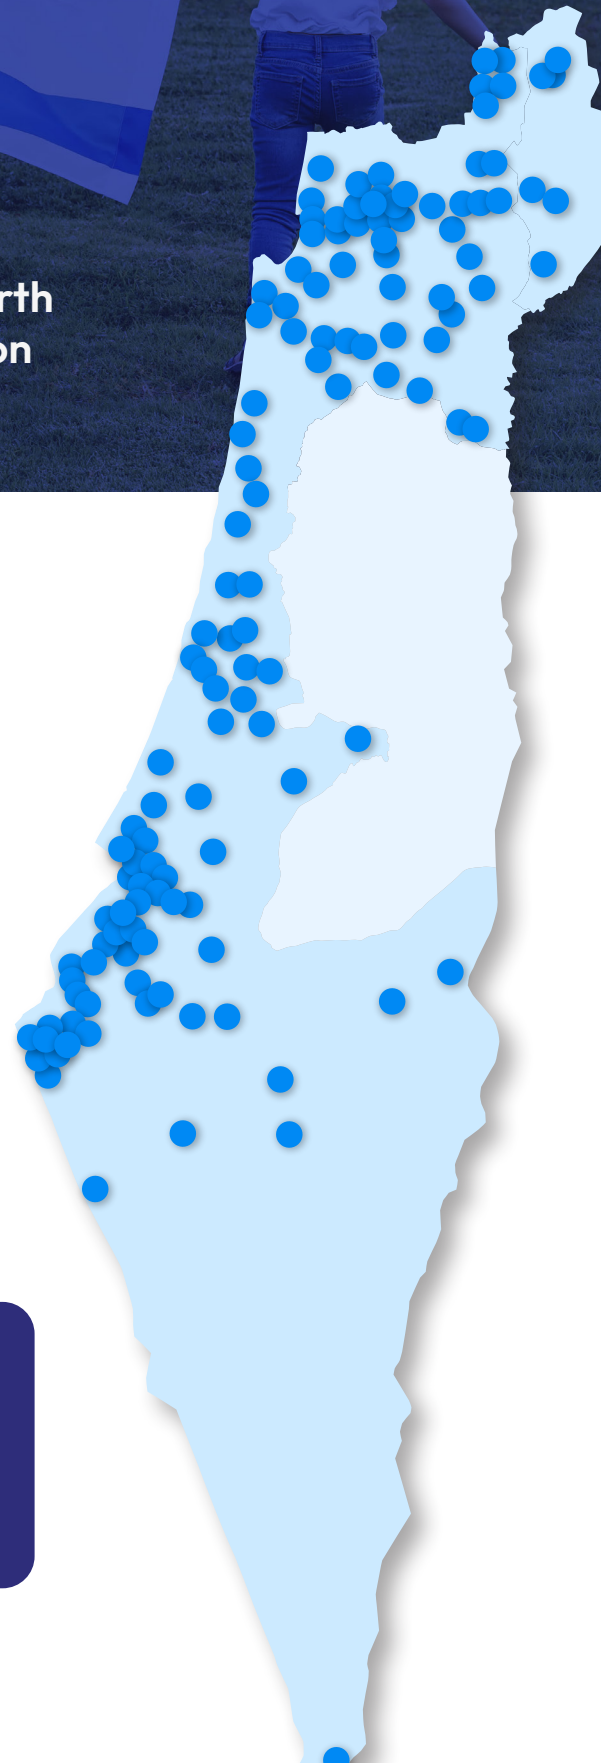

A system-wide, multi-year framework to support Israel's recovery and help Israeli society flourish in the aftermath of October 7 and two years of war.

Why Jewish Federations?

Our unbreakable bond with Israel has yielded decades of experience and deep partnerships that are now being deployed to help Israel rebuild and recover. This work has already begun— supporting reservists and their families, restoring agriculture, building homes, launching trauma healing programs, empowering small businesses, and expanding educational opportunities.

Our Impact Across Israel

We reach every corner of society from neighborhoods to national initiatives, fund transformative projects, and strengthen strategic alliances in the most impacted areas.

The Path Forward

Volunteering: Tens of thousands of North Americans will travel to Israel in the coming year, volunteering side by side with Israelis where help is needed most.

Building Relationships: Our Rebuild Israel Task Force unites top leaders from across the Federation system to guide strategy, address major issues, and ensure every dollar drives measurable impact.

Making an Impact: Federations are tackling the most pressing challenges—mental health, education, and support for reservists and their families, and more—to ensure that giving drives meaningful impact at the scale these challenges demand.

Our Commitment

Through deep and lasting commitment, Jewish Federations have launched Rebuild Israel — an ongoing effort to mend not only the nation's physical landscape, but also its enduring spirit.

This is a long-term journey. And it demands long-term partners. Support your Federation's efforts to rebuild Israel!
