

# December Holiday Conversation Starters

What do you remember most about the winter holiday(s) you celebrated growing up? What do you hope to share with your family?

Do you think that Chanukah and Christmas can be celebrated together or should they be kept totally separate?

Will your holiday celebration(s) be different this year because of the pandemic? Will you miss anything from past years?

Are you willing to have any celebrations in your home this year that you weren't willing to have in your home previously?
