

With the Name of Allah, The Beneficent, The Merciful

And do not incline toward those who do wrong, lest you be touched by the Fire, and you would not have other than G-d any protectors; then you would not be helped.

In obedience, reverence and love of G-d and G-d's creation, Muslims find no solace nor satisfaction in narratives that cause death, fear and oppression as experienced in the past few years, months and days.

We pray that our Creator comforts our local, national and global communities that suffer death, fear and oppression and that G-d provides mercy and compassion to balance our sensitivities from negatively responding to these extreme acts and circumstances of violence, hatred and intimidation.

G-d is One and One Alone, and Humanity is one, so dear Jewish Brothers and Sisters, Muslims feel the pain because the L' Simcha Congregation or Tree of Life community in Pittsburgh was observing its Sabbath in obedience to G-d and experienced an inexplicable and horrific situation obeying G-d.

As one Pittsburgh Rabbi said to a congregation "our spirit will not be broken" and he is correct. Creation never severs from its' Creator before, during nor after its creation, so remain obedient to G-d.

Muslims pray that G-d preserves the Tree of Life community and provides all G-d fearing Jewish communities, comfort, mercy, compassion and forgiveness, as we remain with you, and in support of you in overcoming this horrendous tragedy (Inshallah).
