50 YEARS

Today, Orange County is one of the nation's fastest-growing, most vibrant and diverse Jewish communities. It is estimated that over 100,000 Jews make Orange County their home. And, as the community grows, so too has JFFS grown, working tirelessly to meet the current and future needs of Jewish Orange County.

ABOUT JFFS

Jewish Federation & Family Services, Orange County (JFFS) is a nonprofit entity which brings together the **people**, the **partners**, and the **resources** to **care** for **people in need**, to **build a vibrant community**, and to **sustain and enhance Jewish life**.

JFFS offers an array of programs, services and grants, as well as opportunities for community engagement.

Guided by Jewish traditions of social responsibility, compassion and respect for all, the JFFS Family Services division provides comprehensive professional social services to over 5,200 individuals per year in Orange County.

Our qualified, professional staff, lay leaders and service volunteers work together to provide a broad scope of in-depth and multi-disciplinary services to all people in need - families, individuals and groups of all ages, ethnicities and faiths.

We also collaborate with over 30+ community organizations to ensure that our services are embedded in an overall community response to local issues, that we are meeting the needs of the diverse Orange County population, and that we are providing services that do not duplicate the efforts of others.
